PROFESSIONAL SUMMARY

Software Developer with 3+ years of hands-on experience delivering full-stack features in production enterprise systems. I work across the entire stack, React frontends, ASP.NET Core APIs, and relational databases and am used to owning a feature from ticket to deployment within an agile team. Beyond my day job, I build personal projects to keep learning on my own terms.

PROFESSIONAL EXPERIENCE

eData Services Philippines, Inc. | 2023 - Present

Junior Software Developer

- Owned end-to-end implementation of assigned features across multiple internal enterprise systems. Handling UI components, API endpoints, business logic, and database work within an agile scrum team.
- Built and maintained RESTful APIs using ASP.NET Core, handling request validation, error handling, and database integration with Entity Framework Core and PostgreSQL / SQL Server.
- Developed frontend features using React and TypeScript, working with component libraries (MUI, Mantine), form validation (React Hook Form + Zod), and server state management (TanStack Query).
- Contributed to a platform rebuild from a legacy .NET Framework / MVC5 system to a .NET 10 / React 19 stack; worked on assigned modules within the new architecture which uses MediatR, Vertical Slice structure, and Redis caching.
- Implemented role-based access control, audit logging, and workflow rules across modules to improve security and traceability.
- Wrote and optimized SQL queries, stored procedures, and database objects to ensure data accuracy and performance.
- Investigated and resolved production issues by analyzing application behavior, logs, and database records.
- Collaborated with cross-functional teams to deliver enhancements and maintain consistency across systems.

TECHNICAL SKILLS

Languages

JavaScript, TypeScript, C#, Python, PHP

Frontend

React, Vite, Material UI (MUI), TanStack Query, Mantine, Zustand, React Hook Form, Zod

Databases

PostgreSQL, Microsoft SQL Server, MySQL, Redis

Backend & APIs

ASP.NET Core Web API, .NET Framework, MediatR, Entity Framework Core, SignalR, Node.js, Bun

Auth & Security

Keycloak (OpenID Connect / OAuth2), JWT

Bearer, Role-Based Access Control

DevOps & Infra

Docker, Docker Compose, GitHub Actions, .NET Aspire

Concept

Vertical Slice Architecture, RESTful API Design, OOP, Agile Scrum, SDLC

Tools & Platforms

Git, Figma, Sublime Text, Unity

ADDITIONAL EXPERIENCE

Freelance | 2023

Facebook Ads Manager

- Managed and optimized Facebook advertising campaigns for multiple clients using performance metrics to improve targeting and engagement.
- Created ad copy and visuals aligned with client branding and campaign goals.

Golden Arches Development Corp. | 2018-2019

McDonald's Service Crew

- Delivered high-volume customer service in a fast-paced environment while balancing academic responsibilities.
-

EDUCATION

STI College Las Piñas | 2019-2023

Bachelor of Science in Computer Science

- Graduated Cum Laude (GWA: 1.40)

AMA Computer College (Naga Campus) | 2017-2019

Senior High School - ICT (TVL)

- Graduated With Honors (GWA: 94)
-

CERTIFICATION & SEMINARS

August 2025

Microsoft Azure AI Fundamentals

September 2024

Foundational C# with Microsoft

August 2022

Python Essentials: Python Institute

August 2022

HCIA-Cloud Service: Huawei Talent Online

July 2022

Math Basics: Huawei Talent Online

October 2021
